

A NEW PLAYGROUND!!

Why a New Structure?

Our existing play area for grades one through six has been ruled deficient due to "Jarod's Law". This national law mandates all schools and public playgrounds pass inspection for safety and be corrected by 2010. Our August, 2008 inspection revealed that we would need an entire new playground structure.

Updates!

Check www.ncsweb.org for regular updates and additional information as the campaign progresses.

Raising Money By:

- Ohio Grants
- Private Donors
- Local Civic Associations
- Student Coin Wars
- Used Cartridge/
Cell Phone Drive
- PTO Donation
- Dinner Events
- FCEDO Annual Fund
- Raising Dough Night
- 2009 Walkathon
- Peruse ECC Playground
Structures

Where is the New Location?

Check out the diagram on the reverse side for more details.

\$50,000 - \$60,000

The amount needed for a new ADA approved playground, which includes: removal, fencing, seeding, labor, plastic containment borders, certified wood fiber, etc.

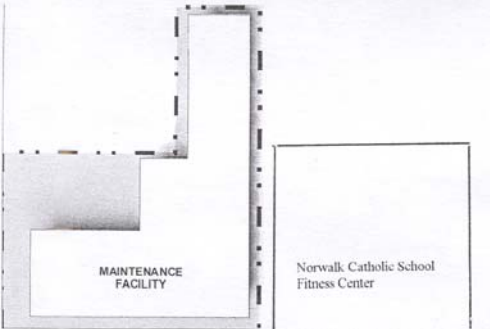

The committee will NOT purchase any equipment until all the funds have been raised. At that time, a decision will be made on a structure and manufacturer.
